Gentlemen,

I hope you all and your families are doing well during these difficult times. In preparation of construction in NY resuming and the site reopening when that date is determined, we are asking all contractors for plans on protecting their workers against the COVID-19 virus.

All subcontractors are to submit to us the following by 4/23/20:

1. COVID-19 Amendment to their 425 Park HASP, signed by a Company Principle. Subcontractors are required to provide PPE, disinfection supplies, training, and CDC and OSHA best practice measures for their own workers. **Note: AECOM Tishman will not be providing PPE to subcontractors.**
2. **All workers must arrive with gloves, breathing masks, and eye protection (provided by subs/their own companies) in order to enter the screening line on site. All workers must leave site with gloves, masks, and eye protection always.**
3. A list of all workers who are going to be assigned to 425 Park Ave – confirm who already has an ID. We prefer that you send workers who already have the physical 425 Park ID's.
4. Any workers who don't have a 425 Park Ave ID, contractor to provide:
  - a. Worker's name
  - b. Certifications: OSHA 30, OSHA 10 + 20 hrs equivalent, SST card, etc. as required per Local Law 196
  - c. License/government ID
  - d. Photo of his/her face with a white background for us to create the 425 Park Ave ID

**This needs to be submitted by 4/23/20**, prior to work resuming in early May. Please note, we are in the process of setting up a virtual job safety orientation for new workers.

We all must do our part to protect each other.
